Support for patients to stay healthy and live well – information on exercise, healthy eating, mental health and generally living well

This toolkit provides a directory of useful links and resources to support patients to stay healthy and live well.

1. Some links provide general information to support staying healthy and living well and others provide more specific information to help you to look after yourself with a long-term condition;
2. Links have been collated from a range of sources, and this resource has been discussed with local clinicians.
3. Please report any broken links to: hullccg.stpcontactus@nhs.net
