

Catterick Integrated Care Campus

Public Engagement – Spring Roadshow Events

June 2024

Summary

Introduction

The Catterick Integrated Care Campus (CICC) is a unique project, bringing a range of health and social care services together under one roof in a purpose-built facility.

This collaboration between the NHS and the Ministry of Defence (MOD) is a first of its kind, and since 2015 the two organisations have been working together with a joint vision and purpose, to help improve the range of health and care services for people living in Catterick Garrison and the wider Richmondshire area.

The new facility aims to give all residents of Richmondshire access to the right care, at the right time, in the right setting, delivered by the right professionals to enhance their wellbeing and independence and improve their overall quality of life.

Engagement Aims and Objectives

It has been some time since the Catterick Integrated Care Campus (CICC) project team undertook any engagement with the local population.

Work on-site is now well underway, and the shape of the new building is beginning to emerge as the steel frame continues to be erected over the coming months.

To ensure that the residents are kept fully informed of progress, key NHS and MOD partners came together to plan and deliver a series of roadshow events across the local area during May 2024 with the aims of:

- Providing information, raising awareness, and continuing conversations around the services going into the CICC, the progress of the build, and projected timescales.
- Providing opportunities for people to ask questions, share concerns or provide feedback.
- Providing opportunities for people to sign up to a CICC stakeholder distribution list so they can receive further information and involvement opportunities in the future.

Joined Up Approach

The CICC also worked closely with colleagues from the Local Authority aligned to the Levelling Up Project on Shute Road to jointly deliver the roadshow events. The purpose of this collaboration was to promote a positive unified message of the regeneration opportunities happening in Catterick, as both projects have similar timescales.

More information on the Town Centre Project can be found [here](#).

Engagement Process/Approach

Promotional work leading up to the roadshow events consisted of:

- [A press release](#) (issued on May 20th, 2024. See **Appendix 1**)
- Posters displayed on notice boards in popular community locations across the local area.
- Invitation emails to local stakeholders (including town councils, NHS colleagues, VCSE, MOD personnel, GP practices).

The roadshow events were held across 7 high-footfall locations in Catterick, Richmond, and Colburn. A full list of places visited can be found in the table below.

Across all the roadshow events, we spoke to 213 people in total. A full breakdown can be found in **Appendix 2**. We were joined at all the events by a representative from [Tilbury Douglas](#).

Our stand consisted of three large print A0 posters, providing accurate and up-to-date information on; the services that may be provided within the CICC, updated imagery of the outside of the building, and a high-level building timeline. These can be found in **Appendix 3**

In addition, we designed and handed out folded A5 information leaflets. These replicated the information displayed on the larger boards but allowed people to take the information away with them.

The leaflets also contained contact details and a QR code that people could scan to find out more and sign up to the newsletter distribution list (mentioned above in the engagement aims). Several copies were also left at the locations we visited. A copy of this leaflet can be found on our website [here](#).

Feedback Received and Key Themes

In total, we spoke to **213** people across the seven roadshow events.

Key themes to emerge from the feedback provided and questions raised included:

Key theme 1: The Build			
What will the size/square footage of the building be?	What is the life span of the building?	What security measures have been considered (<i>CCTV, lighting</i>)	Will there be a community café?
What measures have been put in place to stop any flooding? (Flat roof)	What considerations have been made in the building for wheelchair evacuations?	What other buildings have been demolished in order for this to be built?	Where exactly is the CICC going to be?

Key theme 2: Services (<i>diagnostics, primary care, dentistry, urgent care</i>)			
Will there be space for screening vans to attend the CICC? (CT, MRI, Breast, Lung Health Checks)	Will phlebotomy move from the Friary into the CICC?	Why can't MOD Dentists see and treat NHS patients?	Not happy that there is no NHS dentistry provision being provided, people have to travel considerable distances to see a Dentist.

Are other GP practices closing down/moving into the CICC? (Catterick/Colburn, Quaker Lane)	Will MOD GP Practices (Munster Barracks) move into the CICC?	Will there be an A&E?	Will there be a UTC?
---	--	-----------------------	----------------------

Key theme 3: Travel & Transport			
Improved public transport links from the surrounding area are needed	Will the CICC have a designated bus stop on site?	Will the CICC negatively impact traffic flow and cause further congestion?	Will the on-site parking be free?

Key theme 4: Access			
Are some services (GP Out of Hours) for Harewood patients only?	What will the opening hours of the CICC be?	Are the services accessible to everyone or just MOD?	How will it help me or people living in the surrounding area?

Please see **Appendix 4** for a full breakdown of the feedback provided and questions raised during the roadshow events.

Next Steps

- We will seek to provide answers for all the questions raised during the events.
- We will publish a response to these via an FAQ document on our website: <https://humberandnorthyorkshire.org.uk/locations/north-yorkshire/our-work/catterick-integrated-care-campus-cicc/>
- We will create a public newsletter providing a round-up of the spring roadshow events, FAQs, and upcoming involvement opportunities.
- We will begin to plan for the next round of roadshow events expected to take place in late Autumn 2024.

Appendix 1 – Press Release

Catterick Garrison: major regeneration schemes showcased.

People living in Catterick and the wider Richmondshire area are being invited to attend drop-in events where two major regeneration projects will be showcased.

In Catterick Garrison, work is underway to build a flagship ‘integrated care campus’, funded by the NHS and Ministry of Defence (MOD), which will provide medical and care services for military personnel and their families, as well as the civilian population in Catterick and wider Richmondshire area. [Click here](#) for more information about the Catterick Integrated Care Campus project.

At the same time, plans to regenerate Catterick Town Centre with £19 million secured through the Government’s Levelling Up fund, together with investment from North Yorkshire Council and the MOD are beginning to take shape.

The project will see a new town square on Shute Road, extra retail and commercial premises, improved pedestrian access, together with a new community building, improved play areas, footpaths, and cycle routes. There’s more information on the [North Yorkshire Council website](#).

This month’s informal drop-in events, organised by North Yorkshire Council, the MOD, and NHS are aimed at giving people the opportunity to see more detailed plans for the two schemes, talk to those involved and ask any questions. The events are on:-

- Friday 24 May, 10am-1pm, Richmond Indoor Market, Marketplace
- Friday 24 May, 2pm-5pm, Richmond Community Library, Queen’s Road
- Thursday 30 May, 2pm-6pm, Catterick Garrison Library / Leisure Centre, Gough Road
- Friday 31 May, 9am-noon, Colburn Village Hall
- Friday 31 May, 2pm-6pm, Catterick Garrison Tesco supermarket, Richmondshire Walk

NHS Humber and North Yorkshire Integrated Care Board’s (ICB) Deputy Place Director, North Yorkshire, Lisa Pope, said: *“The Catterick Integrated Care Campus has been almost 10 years in the making, but with construction work under way, our vision is inching ever closer to becoming reality. Together with our partners from the MOD, NHS Property Services and local authority, we’re looking forward to seeing people at the public drop-in events and explaining more about what the integrated care campus will bring to Catterick and the wider Richmondshire community.”*

North Yorkshire Council leader, Cllr Carl Les, said: *“Our exciting project to transform the centre of Catterick Garrison and greatly improve amenities for the local community is starting to take shape with building working beginning this summer. It will benefit everyone living and working in communities around the garrison, as well as the service personnel and their families who are stationed at Catterick and who play a vital role in the life of our county.”*

David Brewer, Chief Operating Officer of the MOD’s Defence Infrastructure Organisation, said: *“The town centre redevelopment and Integrated Care Campus will each provide fantastic new facilities for both the military and civilian population of Catterick, and together mark a really significant and positive step forward for the town. We encourage local people to come along to one of these events and find out more about the plans.”*

	Neutral Sentiment
	Negative Sentiment

Catterick Garrison Employment and Support Fair – 15/05/2024

Feedback Type	Question	Issue	Sentiment
Question	Really excited. Where exactly will it be? Is it where the old Garrison hospital building was?	Build	N/a
Question	Can't come soon enough. Is it replacing the old Garrison hospital, which was very out of date?	Build	N/a
Question	Is the old MOD medical centre, currently situated in the old accommodation block, moving?	Services (Primary Care)	N/a
Question	Where is the public entry to the site going to be? Will it be via the Brigade HQ or have a new entrance?	Access	N/a
Question	Will it offer dental services?	Services (Dental)	N/a
Question	Is Harewood practice relocating to the CICC?	Services (Primary Care)	N/a
Question	Will there be any jobs at the CICC?	Workforce	N/a
Comments	It is very difficult to get a GP appointment, so this is very welcome	Services (Dental)	
Comments	I have some safeguarding concerns about the location of the children's area being too near the physio department. There may be about 40-80 military personnel waiting in the dental area and concerned they may abscond / cause issues with the civilians on site.	Other (safeguarding)	

Richmond Indoor Market – 24/05/2024

Feedback Type	Question	Issue	Sentiment
Question	Will there be an ambulance station on site? (e.g., similar to what is currently at the Friary in Richmond)	Services (Ambulance)	N/a
Question	How will it help people in Hawes?	Access	N/a
Question	Will patient records from referrals into the CICC from neighbouring trusts be easily accessible for the clinical teams?	Digital	N/a
Question	Will it have space for mobile screening vans? (breast, lung health check, retinopathy)	Services (Diagnostics)	N/a

Question	Will there be job opportunities? (CAMHS)	Workforce	N/a
Question	Will there be a community café?	Build	N/a
Question	Will diabetes services be relocated to the CICC from the Friary?	Services (LTCs)	N/a
Comments	I've seen the animation – the building looks amazing	Build	
Comments	It will be good if you can get a bus there! Used to get the #33 which was only once a day, now that's gone, there's nothing!	Travel & Transport	
Comments	Don't agree with MOD services only, this is public money	Money	
Comments	All well and good saying you have submitted plans to improve public transport links, but busses can't come up my street!	Travel & Transport	
Comments	Older people are concerned about losing services at the Friary	Services (Elderly)	

Richmond Library – 24/05/2024

Feedback Type	Question	Issue	Sentiment
Question	Is Quaker Lane Practice (Richmond) moving into the Friary?	Services (Primary Care)	N/a
Question	Is the Harewood Medical Practice building getting knocked down as part of the regeneration work?	Build	N/a
Question	Will people from the surrounding area, and not registered as a patient at Harewood Medical Practice be able to access the services?	Access	N/a
Question	Is the out of hours service only for Harewood patients?	Access	N/a
Question	Are blood services moving from the Friary into the CICC?	Services (Diagnostics)	N/a
Question	Will there be a bus stop outside the CICC? The car park looks big enough for busses to access. It's a long uphill walk from the nearest bus stop at Aldi, with two busy roads to cross. This could be difficult for elderly people.	Travel & Transport	N/a
Question	Do we have internal pictures of the old building that was demolished?	Build	N/a

Question	Will having diagnostics at the CICC (e.g. Xray) mean I will no longer have to go to James Cook?	Services (Diagnostics)	N/a
Question	How big will the CICC be compared to the Friarage? What will the square footage be?	Build	N/a
Question	Will it have an A&E?	Services (Urgent Care)	N/a
Question	Will the CICC build over the old hospital site?	Build	N/a
Question	Will the CICC build span both sides of Scotton Road?	Build	N/a
Question	Will Louis bar be affected?	Build	N/a
Question	Where exactly will the CICC building be? A map would be helpful.	Build	N/a
Comment	It's easier to get to Catterick than Northallerton. Better transport links as the bus is on a loop.	Travel & Transport	

Harewood Medical Practice (Catterick) – 30/05/2024

Feedback Type	Question	Issue	Sentiment
Question	Will this building (Harewood) close down when the CICC opens?	Build	N/a
Question	What will happen to this building (Harewood)? Could this not be changed into a UTC?	Build	N/a
Question	Will there be a UTC within the CICC?	Services (Urgent Care)	N/a
Comment	Very excited, much needed in the area.	Community	
Comment	Not happy that there will be no NHS dentistry within the CICC. We have to travel very far to see an NHS dentist.	Services (Dentistry)	
Comment	Waste of money	Money

Question	Why can't the MOD dentists treat NHS patients?	Services (Dentistry)	N/a
Comment	Great for the area	Community	
Comment	The contractors are very good (Tilbury Douglas) at keeping the area clean and tidy. It's also very well-secured, especially near Louis Bar	Build	
Comment	Need to be clearer this is for everyone.	Access	
Comment	It's disappointing that there will be no NHS dentistry provision.	Services (Dentistry)	

Colburn Village Hall & Veterans Breakfast – 31/05/2024

Feedback Type	Question	Issue	Sentiment
Question	Will this have additional negative impact on traffic flow?	Travel & Transport	N/a
Question	Will there be CCTV?	Build	N/a
Question	Will there be a mental health unit/ward within the CICC? If yes, what will the key attributes be?	Services (Mental Health)	N/a
Question	What part of mental health services will move into the CICC? (EIP/Crisis/All?)	Services (Mental Health)	N/a
Question	Will there be benches/resting places in the garden?	Build	N/a
Comment	Going down well with carers in the area (<i>particularly Hawes</i>) as it will decrease travel time.	Travel & Transport	

Comment	There is a lot of trouble at the moment around Louis Bar, a working group (including the Police) has been set up to tackle this rise in crime. As a result, more lighting is needed around there, particularly around the walkthrough as that's where the issues are (sexual crimes, physical assaults etc)	Build
