

East Riding Integrated Neighbourhood Teams (INTs)

Harthill

Neighbourhood: The Harthill INT supports residents registered at the following GP practices: Anlaby Surgery, Market Weighton Surgery, Willerby and Swanland Surgery, Kingstreet Medical Centre and North Ferriby Surgery.

Meetings: The INT usually meets in-person on a bi-monthly basis (venue yet to be decided).

Approaches: Currently in very early stages of development. As our INT covers a wide geographical area, we will be looking at practice specific projects in the beginning, with the aim of larger scale integration and transformation once we are established.

Cohorts Supported to Date:

None so far.

Harthill Data and Insight: Harthill INT is part of the Harthill Primary Care Network footprint. You can access data and insight about the area here: [East Riding PCNs](#)
